

# North Dakota Cycling Federation Membership Application

NDCF was founded in the spring of 2002 to be a vehicle to promote to the sport of cycling on a statewide and region wide basis. No matter what discipline of cycling you enjoy – mountain biking, road biking, trail riding, or BMX, NDCF works to promote safety, growth, and competition through group rides, local competitive events, clinics, and trail advocacy.

## Events

NDCF, along with local club affiliates and bike shop members throughout the year will sponsor group recreational rides, cycling clinics, local competitive events, and trail improvement and building days, as well as other special events.

## Membership Benefits

As cyclists, we all share a passion. Whether you are a seasoned race or simply ride for fun and fitness, you benefit from being a member of NDCF. Membership benefits include weekly events, such as group training rides, recreational rides, and discounted entry fees to NDCF sponsored or affiliated events. In addition, your annual membership fees help fund trail building activities throughout North Dakota to not only maintain existing trails but also build new trails and bike paths.

## NDCF Racing Events

For those of you with a competitive side, your membership also allows you to participate in the NDCF Mountain and Road Races at a discounted price. There are races to choose from throughout North Dakota and South Dakota. The events are fun, challenging and great events to be a part of. Competition is a great way to test your fitness and enjoy the thrill of pushing your limits for speed and endurance! Whether you are a seasoned veteran to the racing circuit or a beginner wishing to try it for the first time – all racers are always welcome with various classes from beginner to expert to accommodate your skill and fitness level.
